

Refrigeration Doors

VISUALINE doors are available in any size and can be supplied as glass doors or with solid infill panels (block doors).

STANDARD FEATURES

- Smooth profile aluminium VISUALINE door frames in clear anodised finish.
- Your choice of glass or solid infill panels (see left for features and options).
- PVC insulation on all internal faces of the door for market leading condensation protection.
- Extra torsional strength for frequent use in commercial environments.
- Heavy duty magnetic gaskets on all interior sides.
- Full height extruded handle on each door.
- Two rising hinges per door.
- Stoddart parts and labour warranty.

GLASS DOORS

- Can be supplied with double or triple glazed panels.
- Glass panels also available as Low E glass - either heated or unheated.
- Available as toughened glass panels.

EXTRA OPTIONS

- Powder coated frame to colour of your choice.
- Heated door frames for maximum condensation protection.
- Extra door insulation for freezer applications.
- Torsion Hinges.
- Flush fitted horizontal handle.

SOLID DOORS

- Available as stainless steel or Colorbond as standard.
- Alternative finishes also available.
- Stainless steel infill panels insulated with Styrofoam LDE 75 - providing long life and high efficiency.

SIZING

- All door sizes available custom made to your needs.
